EXECUTIVE SUMMARY

AUDIT EXAMINATION OF THE TAYLOR COUNTY FISCAL COURT

June 30, 2004

The Auditor of Public Accounts has completed the audit of the Taylor County Fiscal Court for fiscal year ended June 30, 2004.

The combined financial statements of the Taylor County Hospital District and Taylor County Hospital District Health Facility Corporation (Hospital), a discretely presented component unit, and the Taylor County Airport Board (Airport), also a discretely presented component unit, have been prepared under accounting principles generally accepted in the United States of America, which is inconsistent with the basis of accounting Taylor County, Kentucky, uses to prepare its financial statements. As a result, we have issued a qualified opinion on these discretely presented component units.

We have issued unqualified opinions, based on our audit, on the governmental activities, each major fund, and aggregate remaining fund information financial statements of Taylor County, Kentucky.

Financial Condition:

The fiscal court had unrestricted net assets of \$1,022,779 in its governmental activities as of June 30, 2004, with total net assets of \$4,502,623. The fiscal court's discretely presented component units had net assets of \$34,510,965 (Hospital), and \$386,037 (Airport) as of June 30, 2004. The discretely presented component units had net cash and cash equivalents of \$18,447,563 (Hospital), and \$68,455 (Airport). The fiscal court had total debt principal as of June 30, 2004 of \$597,909 with \$127,616 due within the next year. The discretely presented component units had total debt principal as of June 30, 2004 of \$9,660,705 with \$293,054 due within the next year (Hospital). No debt is related to the Taylor County Airport Board (Airport).

Report Comment:

- Additional Policies Should Be Implemented To Monitor Federal Funds

Deposits:

The fiscal court and component units' deposits were insured and collateralized by bank securities or bonds.

Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Taylor County, Kentucky, as of and for the year ended June 30, 2004, which collectively comprise the County's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Taylor County Fiscal Court. Our responsibility is to express opinions on these financial statements based on our audit.

We did not audit the combined financial statements of the Taylor County Hospital District and Taylor County Hospital District Health Facility Corporation, a discretely presented component unit, which represents 99.2 percent and 99.3 percent, respectively, of the assets and revenues of the discretely presented component opinion unit. We also did not audit the financial statements of the Taylor County Airport Board, a discretely presented component unit, which represents 0.8 percent and 0.7 percent, respectively, of the assets and revenues of the discretely presented component opinion unit. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and in our opinion, insofar as it relates to the amounts included for the Taylor County Hospital District, Taylor County Hospital District Health Facility Corporation, and Taylor County Airport Board, is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for Fiscal Court Audits issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note 1, Taylor County, Kentucky, prepares its financial statements on a prescribed basis of accounting that demonstrates compliance with the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. However, the combined financial statements of Taylor County Hospital District and Taylor County Hospital District Health Facility Corporation, a discretely presented component unit, and the Taylor County Airport Board, a discretely presented component unit, have been prepared under accounting principles generally accepted in the United State of America, which is inconsistent with the basis of accounting Taylor County, Kentucky, uses to prepare its financial statements.

To the People of Kentucky
Honorable Ernie Fletcher, Governor
Robbie Rudolph, Secretary
Finance and Administration Cabinet
Honorable Paul W. Patton, Taylor County Judge/Executive
Members of the Taylor County Fiscal Court

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the Taylor County Hospital District and Taylor County Hospital District Health Facility Corporation's combined financial statements and the Taylor County Airport Board's financial statements been prepared using the same basis of accounting as Taylor County, Kentucky, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the discretely presented component units of Taylor County, Kentucky, as of June 30, 2004, and the changes in financial position, where applicable, thereof for the year then ended in conformity with the basis of accounting described in Note 1.

In addition, in our opinion, based on our audit, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Taylor County, Kentucky, as of June 30, 2004, and the respective changes in financial position, where applicable, thereof for the year then ended in conformity with the basis of accounting described in Note 1.

The county implemented Governmental Accounting Standards Board Statements 33, 34, and 37 as they relate to the modified cash basis of accounting as described in Note 1, which has altered the format and content of the basic financial statements.

The management's discussion and analysis and budgetary comparison information are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Taylor County, Kentucky's basic financial statements. The accompanying supplementary information, combining fund financial statements, are presented for additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, and is not a required part of the basic financial statements. The combining fund financial statements and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation of the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated November 29, 2005, on our consideration of Taylor County, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

To the People of Kentucky
Honorable Ernie Fletcher, Governor
Robbie Rudolph, Secretary
Finance and Administration Cabinet
Honorable Paul W. Patton, Taylor County Judge/Executive
Members of the Taylor County Fiscal Court

Based on the results of our audit, we present the schedule of findings and questioned costs, included herein, which discuss the following report comment:

Management's Discussion and Analysis
June 30, 2004

The financial management of Taylor County, Kentucky offers readers of Taylor County's financial statements this narrative overview and analysis of the financial activities of Taylor County for the fiscal year ended June 30, 2004. We encourage readers to consider the information presented here in conjunction with other information that we have furnished in our letter of transmission and the notes to the financial statements.

Financial Highlights.

- Taylor County had net assets of \$4,502,623 as of June 30, 2004. The fiscal court had unrestricted net assets of \$1,022,779 in governmental activities as of June 30, 2004. Total debt for governmental activities principal as of June 30, 2004 was \$597,909 with \$127,616 due within one year.
- The governmental activities' total net assets increased by \$416,126 from the prior year. This increase is primarily due to the inclusion of infrastructure (road and bridges) in capital assets.
- At the close of the current fiscal year, Taylor County governmental activities reported current assets of \$1,074,699. Of this amount, \$1,022,779 is available for spending at the government's discretion (unreserved fund balance).
- Taylor County's total indebtedness at the close of fiscal year June 30, 2004 was \$597,909, of which \$470,293 is long-term debt (due after 1 year) and \$127,616 is short-term debt (to be paid within 1 year). Debt additions were \$148,438, and debt reductions were \$190,049 for a net decrease of \$41,611 for the year. This decrease was due primarily to accumulated depreciation.

Overview of the Financial Statements.

This management discussion and analysis is intended to serve as an introduction to Taylor County's basic financial statements. Taylor County's basic financial statements are comprised of three components: 1) government wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Overview of the Financial Statements. (Continued)

GASB 34 requires management to include certain comparison schedules when they are available. The schedules include prior and current comparisons of general revenues by major source, and program expenses by function. This is the first year of implementation and these schedules will be presented next year.

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of Taylor County's finances, in a manner similar to a private-sector business.

The *Statement of Net Assets* presents information on Taylor County's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Taylor County is improving or deteriorating.

The *Statement of Activities* presents information showing how the government's net assets changed during the fiscal year. All changes in net assets are reported on a modified cash basis of accounting. Basis of accounting is a reference to when financial events are recorded, such as timing for recognizing revenues, expenses, and related assets and liabilities.

Under the county's modified cash basis of accounting, revenues and expenses and related assets and liabilities are recorded when they result from a cash transaction, except for the recording of depreciation expenses on capital assets in the government-wide financial statements for all activities.

As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as amounts billed for services provided, but not collected) and accounts payable (expenses for goods and services received but not paid) or compensated absences are not recorded.

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or significant portion of their costs through user fees and charges (*business-type activities*). Taylor County's governmental activities include general government, protection to persons and property, general health and sanitation, social services, recreation and culture, road facilities, roads, airports, and capital projects. Taylor County does not have a business type activity.

The government-wide financial statements include not only Taylor County itself (known as the primary government), but also legally separate entities, which have a significant operational or financial relationship with the County. Taylor County has two such entities described as a major Discretely Presented Component Unit, which are the combined Taylor County Hospital District and Taylor County Hospital District Health Facility Corporation and the Taylor County Airport Board.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Taylor County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with legal and statutory requirements. All of the funds of Taylor County are *governmental funds*.

Taylor County
Management's Discussion and Analysis
June 30, 2004
(Continued)

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's current financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's current financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Taylor County maintains (11) eleven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances.

Major Funds:

- General Fund
- Road Fund
- Jail Fund

Non-major Funds:

- Local Government Economic Assistance Fund
- Forest Fire Fund
- Special Fund
- PRIDE Fund
- Adanta Fund
- Tebbs Bend Fund
- Kentucky Agency On Substance Abuse Prevention Fund
- Title V Grant Fund

Taylor County adopts an annual appropriated budget. A budgetary comparison statement has been provided for the General Fund, Road Fund, and Jail fund to demonstrate compliance with their budgets.

Discretely Presented Component Units. Component Units are operations for which the County has some financial accountability, but also have certain independent qualities as well. Component Units operate similarly to private sector businesses. Taylor County has two discretely presented component units. These two component units' financial information is included on the government-wide financial statements of the statement of net assets and the statement of activities in two separate columns.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Changes in Net Assets.

Governmental Activities. Taylor County's net assets increased by \$416,126 in fiscal year 2004. Key elements of this are as follows:

- Current assets and cash increased \$57,344 due to unexpected intergovernmental and miscellaneous revenues.
- Capital assets increased \$317,171, primarily due to the inclusion of infrastructure (roads and bridges) capital assets of \$306,771.
- Investment in capital assets and infrastructure, net of related debt increased by \$358,782 primarily due to the inclusion of infrastructure (roads and bridges) capital assets.
- Current and long-term liabilities decreased by \$41,611, due to additional debt of \$148,438 offset by retirement of debt of \$190,049.

Financial Analysis of the County's Funds.

As noted earlier, Taylor County uses fund accounting to ensure and demonstrate compliance with legal and statutory requirements.

Governmental Funds Overview. The focus of Taylor County's governmental funds is to provide information on current inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of June 2004 fiscal year, the combined ending fund balances of County governmental funds were \$1,074,699. Approximately 95% (\$1,022,779) of this consists of unreserved fund balance, which is available as working capital and for current spending in accordance with the purposes of the specific funds. The remainder of fund balance (\$51,920) is reserved to indicate that it is not available for new spending because it is committed for the various grant projects.

The County has three major governmental, and eight non-major funds.

Major Funds:

- General Fund
- Road Fund
- Jail Fund

Non-major Funds:

- Local Government Economic Assistance Fund
- Forest Fire Fund
- Special Fund
- PRIDE Fund
- Adanta Fund
- Tebbs Bend Fund
- Kentucky Agency On Substance Abuse Prevention Fund
- Title V Grant Fund

1. The General Fund is the chief operating fund of Taylor County. At the end of June 30, 2004 fiscal year, unreserved fund balance of the General Fund was \$666,639, while total fund balance was \$670,639. The County received \$3,294,095 in real property, motor vehicle, occupational, and other taxes for approximately 79% of the county's general revenues. Various other service fees and miscellaneous revenues contribute to the remaining 21% of revenues.
2. The Road Fund is the fund related to County road and bridge construction and maintenance. The Road and Bridge Fund had a \$201,058 fund balance at June 30, 2004. The fiscal year 2004 expenditures for Road and Bridge Fund were \$1,253,996.
3. The Jail Fund is used to account for transporting and housing prisoners in other counties. The Jail Fund had a fund balance of \$108,259 at the end of June 30, 2004. The Jail Fund received \$87,837 for intergovernmental fees, primarily to house state prisoners in other counties. The General Fund contributed a total of \$687,245 to the Jail Fund during fiscal year 2004.

Financial Analysis of the County's Funds (Continued).

Governmental Funds Overview (Continued).

4. The Local Government Economic Assistance Fund had a fund balance of \$13,592 as of June 30, 2004, a decrease of \$11,155 over the previous fiscal year end.
5. The Forest Fire Fund had a fund balance of \$641 as of June 30, 2004, a decrease of \$218 over the previous fiscal year end.
6. The Special Fund had a reserved fund balance of \$1,854 as of June 30, 2004, a decrease of \$3,692 over the previous fiscal year end. This fund is used to account for a federal Juvenile Accountability Incentive Block Grant (JAIBG). The General Fund contributed \$24,327 in matching funds during fiscal year 2004.
7. The PRIDE Fund had a reserved fund balance of \$5,940 as of June 30, 2004, an increase of \$4,997 over the previous fiscal year end. This fund is used to account for a federal Personal Responsibility In a Desirable Environment Grant (PRIDE).
8. The Adanta Fund had a reserved fund balance of \$2,000 as of June 30, 2004. This fund is used to account for a major federal Target Expansion Capacity grant for the purpose of funding the Abuse Treatment Women's Recovery Project administered by Team Taylor County and Adanta.
9. The Tebbs Bend Fund had a reserved fund balance of \$45,423 as of June 30, 2004, a decrease of \$28,921 over the previous fiscal year end. This fund is used to account for a state Kentucky Heritage Land Conservation Fund grant administered by the Kentucky Department of Natural Resources for the purpose of funding the Tebbs Bend Nature and Recreation Area in Taylor County.
10. The Kentucky Agency On Substance Abuse Prevention Fund (ASAP) had a fund balance of \$24,225 as of June 30, 2004, a decrease of \$11,535 over the previous fiscal year end.
11. The Title V Grant Fund had a reserved fund balance of \$1,068 as of June 30, 2004. This fund is used to account for a federal Title V Juvenile Delinquency Prevention Program grant. These funds are restricted for debt service.

General Fund Budgetary Highlights.

Taylor County's General Fund budget was amended during the fiscal year increasing the budgeted amount by \$850,390. Budget amendments were made to various revenues and expenditures due to grants awarded in the fiscal year, intergovernmental revenues, miscellaneous medical enhancement revenue, surplus cash carried forward.

Capital Assets and Debt Administration.

Capital Assets. Taylor County's investment in capital assets for its governmental activities as of June 30, 2004, amount to \$4,025,833 (net of accumulated depreciation). This investment in capital assets includes land and improvements, buildings, other equipment, vehicles and equipment, infrastructure (roads and bridges).

Taylor County did not have any major capital asset events during the 2004 fiscal year.

Additional information of the County's capital assets can be found in Note 3 of this report.

Total Net Capital Assets	3,708,662	4,025,833

Long-Term Debt. At the end of the 2004 fiscal year, Taylor County had total debt outstanding of \$597,909, which consists of 11 other financing obligations for various equipment and vehicles.

Other Matters. The following factors are expected to have a significant effect on the County's financial position or results of operations and were taken into account in developing the 2005 fiscal year budget:

- The 2005 fiscal year adopted budget continues most services at current levels.
- Program cuts at the State level, particularly relating to the cost of housing prisoners, may have a negative impact on funding for county programs.
- Economic factors indicate continued growth for Taylor County.

Requests For Information.

This financial report is designed to provide a general overview of Taylor County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this or requests for additional financial information should be addressed to the Taylor County Treasurer, 203 N. TAYLOR COUNTY
NOTES TO FINANCIAL STATEMENTS

June 30, 2004

Note 1. Summary of Significant Accounting Policies

A. Basis of Presentation

The county presents its government-wide and fund financial statements in accordance with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, assets, liabilities, and related revenues and expenditures are recorded when they result from cash transactions, with a few exceptions. This modified cash basis recognizes revenues when received and expenditures when paid. Property tax receivables, accounts payable, compensated absences, and donated assets are not reflected in the financial statements. However, the combined financial statements of Taylor County Hospital District and Taylor County Hospital District Health Facility Corporation, a discretely presented component unit, and the Taylor County Airport Board, a discretely presented component unit, are prepared on the accrual basis and modified accrual basis, respectively, in accordance with accounting principles generally accepted in the United States of America.

The State Local Finance Officer does not require the county to report capital assets and infrastructure; however the value of these assets is included in the Statement of Net Assets and the corresponding depreciation expense is included on the Statement of Activities.

B. Reporting Entity

The financial statements of Taylor County include the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14 and GASB 39, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Consequently, the reporting entity includes organizations that are legally separate from the primary government. Legally separate organizations are reported as component units if either the county is financially accountable or the organization's exclusion would cause the county's financial statements to be misleading or incomplete. Component units may be blended or discretely presented. Blended component units either provide their services exclusively or almost entirely to the primary government, or their governing bodies are substantively the same as the primary government. All other component units are discretely presented.

Discretely Presented Component Units

The two component unit columns in the combined financial statements include the combined data of the Taylor County Hospital District and Taylor County Hospital District Health Facility Corporation and the data of the Taylor County Airport Board. They are reported on the Statement of Net Assets and the Statement of Activities in two separate columns that are labeled as "Component Unit" to emphasize these organizations' separateness from the fiscal court's primary government.

Taylor County Hospital District and Taylor County Hospital District Health Facility Corporation

The Taylor County Fiscal Court (Fiscal Court) appoints a voting majority of the Taylor County Hospital District and Taylor County Hospital District Health Facility Corporation's (Hospital) governing board. The Hospital is a legally separate entity. The Fiscal Court is able to impose its will on the Hospital's governing body and is entitled to any assets if the Hospital is sold. Financial information for the Hospital is presented discretely within Taylor County's financial statements. All activities of the Hospital are accounted for within a governmental fund.

B. Reporting Entity (Continued)

Audited combined financial statements for the Taylor County Hospital District and Taylor County Hospital District Health Facility Corporation, a discretely presented component unit, may be requested by contacting the Taylor Regional Hospital, 1700 Old Lebanon Road, Campbellsville, Kentucky 42718.

Taylor County Airport Board

The Taylor County Fiscal Court appoints a voting majority of the Taylor County Airport's (Airport) governing board. The Airport is a legally separate entity. The Fiscal Court is able to impose its will on the Airport's governing body and is entitled to any assets if the Airport is sold. Financial information for the Airport is presented discretely within Taylor County's financial statements. All activities of the Airport are accounted for within a governmental fund.

Audited financial statements for the Taylor County Airport Board, a discretely presented component unit, may be requested by contacting the Taylor County Airport Board, 360 Airport Road, Campbellsville, Kentucky, 42718.

Kentucky law provides for election of the officials below from the geographic area constituting Taylor County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices.

- Circuit Court Clerk
- County Attorney
- Property Valuation Administrator
- County Clerk
- County Sheriff

C. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its non-fiduciary component units. For the most part, the effect of interfund activities has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on sales, fees, and charges for support. Taylor County did not have any business-type activities during the fiscal year.

The statement of net assets presents the reporting entity's non-fiduciary assets and liabilities, the difference between the two being reported as net assets. Net assets are reported in three categories: 1) invested in capital assets, net of related debt - consisting of capital assets, net of accumulated depreciation and reduced by outstanding balances for debt related to the acquisition, construction, or improvement of those assets; 2) restricted net assets - resulting from constraints placed on net assets by creditors, grantors, contributors, and other external parties, including those constraints imposed by law through constitutional provisions or enabling legislation; and 3) unrestricted net assets - those assets that do not meet the definition of restricted net assets or invested in capital assets.

NOTES TO FINANCIAL STATEMENTS

(Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

C. Government-wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; 2) operating grants and contributions; and 3) capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Internally dedicated resources such as taxes and unrestricted state funds are reported as general revenues.

Funds are characterized as either major or non-major. Major funds are those whose assets, liabilities, revenues, or expenditures/expenses are at least ten percent of the corresponding total (assets, liabilities, etc.) for all funds or type (governmental) and whose total assets, liabilities, revenues, or expenditures/expenses are at least five percent of the corresponding total for all governmental. The fiscal court may also designate any fund as major.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the financial statements.

Governmental Funds

The primary government reports the following major governmental funds:

General Fund - This is the primary operating fund of the fiscal court. It accounts for all financial resources of the general government, except where the Governor's Office for Local Development requires a separate fund or where management requires that a separate fund be used for some function.

Road Fund - This fund is for road and bridge construction and repair. The primary source of revenue for this fund is state payments for truck licenses distribution, municipal road aid, and transportation grants. The Governor's Office for Local Development requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

Jail Fund - The primary purpose of this fund is to account for the jail expenses of the county. The primary sources of revenue for this fund are reimbursements from the state and federal government, payments from other counties for housing prisoners, and transfers from the General Fund. The Governor's Office for Local Development requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

The primary government also has the following non-major funds: Local Government Economic Assistance Fund, Forest Fire Fund, Special Fund, PRIDE Fund, Adanta Fund, Tebbs Bend Fund, Kentucky Agency on Substance Abuse Prevention Fund, and Title V Grant Fund. These funds are used to account for the proceeds of specific revenue sources and expenditures that are restricted for specific purposes.

Note 1. Summary of Significant Accounting Policies (Continued)

C. Government-wide and Fund Financial Statements (Continued)

Governmental Funds (Continued)

Special Revenue Funds:

The Road Fund, Jail Fund, Local Government Economic Assistance Fund, Forest Fire Fund, Special Fund, PRIDE Fund, Adanta Fund, Tebbs Bend Fund, Kentucky Agency on Substance Abuse Prevention Fund, and Title V Grant Fund are presented as special revenue funds. Special revenue funds are to account for the proceeds of specific revenue sources and expenditures that are legally restricted for specific purposes.

Generally and except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) November 1, due at discount November 30, due at face value December 31, delinquent January 1 following the assessment, and subject to lien and sale the 3rd Saturday in April following the delinquency date.

Presentation of Component Units

The financial statements present the following major discretely presented component units: Combined Taylor County Hospital District and Taylor County Hospital District Health Facility Corporation, and Taylor County Airport Board.

These component units are presented on the Statement of Net Assets and the Statement of Activities in a two separate columns that are labeled as "Component Unit" to emphasize these organizations' separateness from the fiscal court's primary government.

D. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

KRS 66.480 authorizes the county to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

E. Capital Assets

Capital assets, which include land, land improvements, buildings, furniture and office equipment, building improvements, machinery, equipment, and infrastructure assets (roads and bridges) that have a useful life of more than one reporting period based on the government's capitalization policy, are reported in the applicable governmental or business-type activities of the government-wide financial statements. Such assets are recorded at historical cost or estimated historical cost when purchased or constructed.

TAYLOR COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2004
(Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

E. Capital Assets (Continued)

Cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Land and Construction In Progress are not depreciated. Interest incurred during construction is not capitalized. Capital assets and infrastructure are depreciated using the straight-line method of depreciation over the estimated useful life of the asset.

	Capitalization Threshold	Useful Life (Years)
Land Improvements	\$ 12,500	10-60
Buildings and Building Improvements	\$ 25,000	10-75
Machinery and Equipment	\$ 2,500	3-25
Vehicles	\$ 2,500	3-25
Infrastructure	\$ 20,000	10-50

F. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable financial statements. The principal amount of capital leases and financing obligations are reported.

In the fund financial statements, governmental fund types, the principal amount of the debt and interest is reported as expenditures and debt proceeds are reported as other financing sources.

G. Fund Equity

In the fund financial statements, the difference between the assets and liabilities of governmental funds is reported as fund balance. Fund balance is divided into reserved and unreserved components, with unreserved considered available for new spending. Unreserved fund balances may be divided into designated and undesignated portions. Designations represent fiscal court's intended use of the resources and should reflect actual plans approved by the fiscal court.

Governmental funds report reservations of fund balance for amounts that are legally restricted by outside parties for use for a specific purpose, long-term receivables, and encumbrances.

"Reserved for Encumbrances" are purchase orders that will be fulfilled in a subsequent fiscal period. Although the purchase order or contract creates a legal commitment, the fiscal court incurs no liability until performance has occurred on the part of the party with whom the fiscal court has entered into the arrangement. When a government intends to honor outstanding commitments in subsequent periods, such amounts are encumbered. Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however, encumbrances (if any) are reflected on the Balance Sheet - Governmental Funds as part of the fund balance.

TAYLOR COUNTY
NOTES TO FINANCIAL STATEMENTS

(Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

H. Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

The Taylor County Hospital District and Taylor County Hospital District Health Facility Corporation (discretely presented component unit), and the Taylor County Airport Board (discretely presented component unit) Funds are not budgeted by the County Treasurer. The Governor's Office for Local Development does not require the Fiscal Court to report or budget these funds.

I. Related Organizations, Joint Venture, and Jointly Governed Organizations

A related organization is an entity for which a primary government is not financially accountable. It does not impose will or have a financial benefit or burden relationship, even if the primary government appoints a voting majority of the related organization's governing board. Based on these criteria, there were no related organizations of Taylor County Fiscal Court.

A legal entity or other organization that results from a contractual agreement and that is owned, operated, or governed by two or more participants as a separate activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility is a joint venture. Based upon these criteria, the following is considered a joint venture of the Taylor County Fiscal Court:

Campbellsville-Taylor County Industrial Development Authority
 Campbellsville-Taylor County Recreation Board.

A regional government or other multi-governmental arrangement that is governed by representatives from each of the governments that created the organization, but that is not a joint venture because the participants do not retain an ongoing financial interest or responsibility. Based upon this criteria, the following is considered a jointly governed organization of the Taylor County Fiscal Court:

Emergency 911 Board.

TAYLOR COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2004
(Continued)

Note 2. Deposits and Investments

A. Deposits

The primary government (County) and component units (Hospital & Airport) maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). According to KRS 66.480(1)(d) and KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the county and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. These requirements were met, and as of June 30, 2004, the primary government and component units' deposits were fully insured or collateralized at a 100% level with collateral of either pledged securities held by the county's agent in the county's name, or provided surety bond which named the primary government or component units as beneficiary/obligee on the bond.

M. Taylor County Hospital District/Health Facility Corporation - Note Payable and Capital Lease

In November 2002, the Taylor County Hospital District/Health Facility Corporation (Hospital) entered into a Loan Agreement with Taylor County Fiscal Court (Issuer) and Community Trust Bank (Lender), to borrow an amount not exceed \$10,000,000. The draws on the loan have been and will continue to be used for the construction of a Hospital expansion, which includes an ER renovation, an ICU addition, a wing two and three addition, a central plant addition, and a helipad relocation. The amount drawn on the loan equaled \$9,642,384 with an interest rate of 2.84 percent. Interest only payments are required until November 30, 2004, at which point principal payments will begin being paid and will continue through November 15, 2022. Interest expense on the note payable totaled \$189,252 for fiscal year 2004. The Hospital is required to maintain a debt coverage ratio of 1.25:1.00. Note payable outstanding for the Hospital as of June 30, 2004, was \$9,642,384.

The Hospital's outstanding capital leases as of June 30, 2004 were \$18,321.

Note 5. Employee Retirement System

The county has elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a multiple-employer public retirement system, which covers all eligible full-time employees and provides for retirement, disability, and death benefits to plan members. Benefit contributions and provisions are established by statute. Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 7.34 percent. Hazardous covered employees are required to contribute 8 percent of their salary to the plan. The county's contribution rate for hazardous employees was 18.51 percent.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Aspects of benefits for hazardous employees include retirement after 20 years of service or age 55.

Historical trend information showing the CERS' progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Retirement System's annual financial report. This report may be obtained by writing the Kentucky Retirements System, 1260 Louisville Road, Frankfort, KY 40601-6124, or by telephone at (502) 564-4646.

Note 6. Insurance

For the fiscal year ended June 30, 2004, Taylor County was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of a collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

Note 7. Changes in Accounting Principles and Prior Period Adjustments

The county has elected to implement Governmental Accounting Standards Board (GASB) Statements 33, 34, and 37, as they relate to the modified cash basis of accounting as described in Note 1, which has altered the format and content of the basic financial statements.

The primary government's beginning fund balance of \$1,017,355 has been adjusted to include a total of \$15 for prior year adjustments. These adjustments include an increase of \$15 to the General Fund, a \$1 decrease in the Forest Fire Fund, and a \$1 increase to the Special Fund.

The beginning net asset balance for governmental activities was \$4,086,497 and the beginning fund balance was \$1,017,355. The effect of this change on the beginning net assets of the governmental activities is an increase of \$3,069,142 due to capital assets previously not reported and the effect of long-term debt previously omitted.

Note 8. Estimated Buildings Historical Cost

Buildings historical cost is an estimate. The primary government estimated the year the buildings were built and used the current assessed value of the buildings based upon a report from the Property Valuation Administrator and the Taylor County Attorney's research. The current assessed value was deflated back to this estimated year of construction or reconstruction to arrive at estimated historical cost.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2004

Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

Additional Policies Should Be Implemented To Monitor Federal Funds

The fiscal court receives and deposits all grant funds into their bank account, and then they remit grant funds to the subrecipient (Adanta) and pay other federal grant expenditures. The fiscal court has contracted with Team Taylor County to serve as grant administrator on federal grants. The grant administrator reviewed supporting documentation for expenditures and draw down requests as required by their contract, however the fiscal court did not review and approve draw down requests as required by the same contract and one expenditure was not approved by the fiscal court. The grant administrator failed to obtain and review the subrecipient's (Adanta) audit report conducted in accordance with United States Office of Management Budget Circular Number - A- 133, which is required by their contract. The auditor had to obtain the report directly from the subrecipient (Adanta).

The Single Audit Act Amendments of 1996 Section 7502(f)(2) requires each pass-through entity to:

- a) Monitor the subrecipient's use of Federal awards through site visits, limited scope audits, or other means; and
- b) Review the audit of a subrecipient as necessary to determine whether prompt and appropriate corrective action has been taken with respect to audit findings, as defined by the Director, pertaining to Federal awards provided to the subrecipient by the pass-through entity.

We recommend that the Taylor County Fiscal Court:

- a) Contact their grant administrator and require them to comply with their contract agreement with the fiscal court.
- b) Approve all draw down requests of federal funds, payments to the subrecipient, and other federal expenditures made from their bank account.

County Judge/Executive Paul W. Patton's Response:

The County has spoken with the grant administrator in charge of this grant and has requested that in the future, we be provided with a list of allowable/unallowable expenditures and a copy of the grant agreement. Additionally, the court has addressed the issue of reviewing the sub-recipient's audit report and will do so in a timely manner.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

CRIT LUALLEN
AUDITOR OF PUBLIC ACCOUNTS

The Honorable Paul W. Patton, Taylor County Judge/Executive
Members of the Taylor County Fiscal Court

**Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of Financial Statements
Performed In Accordance With Government Auditing Standards**

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Taylor County, Kentucky, as of and for the year ended June 30, 2004, which collectively comprise the County's basic financial statements, as listed in the table of contents and have issued our report thereon dated November 29, 2005. Taylor County presents its financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Taylor County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level of risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance And Other Matters

As part of obtaining reasonable assurance about whether Taylor County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing opinions on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such opinions. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

**REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

CRIT LUALLEN
AUDITOR OF PUBLIC ACCOUNTS

The Honorable Paul W. Patton, Taylor County Judge/Executive
Members of the Taylor County Fiscal Court

Report On Compliance With Requirements
Applicable To Each Major Program And On Internal Control
Over Compliance In Accordance With OMB Circular A-133

Compliance

We have audited the compliance of Taylor County, Kentucky, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2004. Taylor County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Taylor County's management. Our responsibility is to express an opinion on Taylor County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Taylor County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Taylor County's compliance with those requirements.

In our opinion, Taylor County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2004.

Internal Control Over Compliance

The management of Taylor County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Taylor County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Report On Compliance With Requirements
Applicable To Each Major Program And On Internal Control
Over Compliance In Accordance With OMB Circular A-133
(Continued)

Internal Control Over Compliance (Continued)

We noted a certain matter involving the internal control over compliance and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect Taylor County's ability to administer a major federal program in accordance with applicable requirements of laws, regulations, contracts, and grants. The reportable condition is described in the accompanying schedule of findings and questioned costs.

- Reference Number 2004-1: Additional Policies Should Be Implemented To Monitor Federal Funds

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we do not believe the reportable condition described above is a material weakness.

This report is intended solely for the information and use of management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than the specified parties.

Respectfully submitted,

Crit Luallen
